

Serial No.: 10/802,775
Docket No.: NE314-US
TAK.048

AMENDMENTS TO THE SPECIFICATION

The paragraph commencing at page 6, line 25 is amended as follows:

The “history of hand-over” may include the number of ~~hand-over~~ hand-overs and the latest update time for each base station. Further, the “history of hand-over” may be managed by an LRU (least recently used) algorithm.
